

# The Capitol School

Pajama day, conferences, spring break, trike-a-thon, and egg hunt

**Conferences are** March 8th and 9th. Please check sign-up genius for your time.

**Trike-a-thon**  
Practice riding bikes so your child is ready on March 23 at 9:00 AM.

**Egg Hunt**  
Will be March 30th at 9:00 AM. We will need help filling/hiding the eggs.

## Marching into spring

This month we will study: signs of spring, life cycles, Europe, and how to tell time.

Warmer weather means mosquitos. Unfortunately, they are back and bug bites are already happening. Please send your child with some bug spray. Try to label it and bring a refill every two weeks. The warmer weather also means that the extra cubby clothes might need to be replaced.

### THANK YOU

Parent night was a success! Thank you to each parent who made time to see what your child has been doing at school. They were all so proud!

### BREAK CAMP

I will be teaching break camp on the 15th and 16th of March. I would love to include your child. No screen time and individual lessons are promised.

### SCIENCE EXPERIMENTS

Have an unusual idea for a science project? Share your idea, March will be our month for engaging science activities.
